

Leading With Vision

Life is a journey and it is all about learning which is an eternal process.....is

Educational institutions are expected to be the center of creativity and innovation, generating new ideas, printing new mosaics, shifting paradigms, and constantly nurturing, developing and evolving. Academic Heights World School never loses sight of this vital aspect.

The school bestows holistic education, immense learning experiences and other academic quests through the most innovative and progressive ways. The students of our school are making their mark not only in academics but also in the field of sports, theatre, music, fine arts etc. We truly believe that education should now move from knowledge to skills and wisdom, from competition to cooperation, from division to unity and finally from how to earn a livelihood to how to live. Our children are not only taught to fly high in the open sky of tremendous opportunities but also to stay attached to their roots.

'Forever learning, forever achieving. The leitmotif of education is to sensitize students to the intricacies of life, giving wings to their dreams.

I look forward to the continued growth and success of our school and its remarkable students. Rosy Ahuja

Reflections From The Principal

सर्वे विद्या समारम्भे ज्ञानमेवात्र साधनम्

Through the pursuit of all knowledge, wisdom is attained forever."

Drawing from the richness of our multifaceted community, where diverse perspectives converge, our school continues to be a place where not only academic excellence is nurtured but where values of integrity, curiosity, and empathy take root. The essence of true education lies in empowering students to navigate a world of complexity, embracing both intellectual and personal growth.

The session 2025-26 has been full of initiatives aimed at amplifying the learning experiences and providing students with more opportunities to unleash their potential. From innovative teaching methods to extracurricular activities and community service and environment protection projects, we are committed to fostering a holistic growth of our students.

I extend my heartfelt thanks to our teachers who constantly guide and inspire our students. I also thank our parents for their steadfast support in their child's educational journey.

To our dear students, I motivate you to not only acquire knowledge but also grow as individuals and contribute positively to society.

Every child is a promise of a better tomorrow. Our duty is to help them realize it!.

Warm Regards

Rachana Anand

Insights From The Associate Director

"Dreams are seeds. Education nurtures and actions make them bloom.

Education is the cornerstone of progress, shaping young minds to lead and innovate. Our vision is to cultivate an environment where values meet excellence, fostering individuals who are not only academically accomplished but also morally grounded. Together, let's inspire greatness and build a brighter tomorrow.

A school is a sanctuary of learning, and growth. Our mission has always been to empower students with knowledge, character, and confidence to excel in every sphere of life. Let us continue to strive for excellence and create leaders of the future and work together to nurture a generation that dreams big and acts with integrity.

At our institution, we believe education is not just about academics but about instilling a lifelong love for learning . Together, they continue to stimulate an environment of brilliance and enhancement.

The journey of learning is the only road that never ends...

With Best Wishes

Harish Nagpal
